## Many Dutch Coming Here Next Year

More Than 4,000 Families Intending To Buy Farm Land

From 4,000 to 5,000 Netherlands families will come to Canada in 1949 with the intention of purchasing farm land, it was announced today by Hon. James A. MacKinnon, minister of Mines and Resources.

Mr. MacKinnon said negotiations are being carried on now between Canadian and Dutch authorities about the proposed movement to Canada. Approximately 20,000 persons in all will come to the Dominion if arrangements are finally completed.

### HAVE FINANCES

"There are not farm laborers but people with money who will eventually purchase and work their own farms," the minister explained. For a while the immigrants will work for other farmers until they find lands to buy, he added. The Netherlands are not dissatisfied.

### NO 'SETTLEMENTS'

"It is only on the basis that the Dutch immigrants will be able to purchase suitable land of their own that Canada was able to interest such a large number," Mr. MacKinnon stated.

There will be no settlement in communities or specified areas, he said.

## Stalin Meets West Envoys

MOSCOW, Aug. 22. (BUP)—Premier Joseph Stalin met with envoys of the United States, Britain and France today for the opening of a series seeking to end the East-West cold war in Germany.

The conference, sixth in a series which began last month, opened at the Kremlin at 9 p.m. on Monday night, and less than an hour later speculation that Stalin was attending was confirmed by an official announcement.

Also present for Russia was Soviet foreign minister V. M. Molotov, who has conducted most of the negotiations. U.S. ambassador Walter Bedell Smith, special British envoy Frank Roberts, and French ambassador Yves Chateignier represented the western powers.

## Montreal Station Reported On Fire

MONTREAL, Aug. 22. (CP)—Montreal's old Bonaventure station was reported on fire late today.

First reports said a series of explosions ripped through a shed near the station, sending flames shooting 100 feet high were said to be flames out of the Canadian National Railway's main station, now used only for suburban trains.

## Radioactive Cloud Believed In France

PARIS, Aug. 22. (AP)—Paris newspapers said yesterday French scientists are studying the residue of a cloud they believe became radioactive after the Bikini Atoll atom-bomb test in 1946. The cloud was discovered over Central France shortly after the Bikini explosion.

## Alaska Road Paving Termed Unnecessary

OTTAWA, Aug. 23. (CP)—Limited commercial usefulness and extreme cost make hard-surfacing of the 1,600-mile Canadian section of the Alaska highway an exceedingly unlikely project, both civilian and military authorities indicated here today.

Transport department officials have frequently considered the problem involved in hard-surfacing the road. Their consideration has been mainly on a "study" basis—of the maintenance of the road and the difficulties would be known if it were necessary to undertake the task.

### VERY IMPOSSIBLE

A departmental source said he considered it very improbable that the task would ever be undertaken except as a defense measure. A defense department source said he considered it unnecessary for military purposes.

Both sources were commenting privately on the announcement made in Edmonton by William C. Lorne, assistant secretary of the War, Air and Navy Canada department, that the American section of the road will be hard-surfaced next spring.

At present the road is maintained

## Vandals Wreak Havoc in School

NEW SCHOOL SUPPLIES were scattered and spoiled by two youthful vandals who entered Ritchie School Saturday. Caretaker Bob Anderson and assistant janitors Mrs. E. M. Perrier, said school was ready for opening next week before vandals scattered records and equipment in every room. Mr. Anderson holds display card eaten by sulphuric acid spilled by youths.

Photo by Bland

VANDALS HIDEOUT, used by two under-teen-age escapees from the South Side detention home, was this teachers' rest room in Ritchie School, where the boys spent Saturday night, littering the room with nursing and school supplies, handicraft exhibits, cigarette ends and smashed equipment. School caretaker Bob Anderson and assistant janitor Mrs. E. M. Perrier eye wreckage.

## Lots of Bouquets to Mom In 'Loveliest Mother' Mail

There can be only one grand prize winner in The Edmonton Bulletin-Capitol Theatre Loveliest Mother Contest.

But to thousands of adoring husbands, sons and daughters who entered pictures, the winners have already been picked. If Mom has conducted most of the negotiations, U.S. ambassador Walter Bedell Smith, special British envoy Frank Roberts, and French ambassador Yves Chateignier represented the western powers.

### See Pictures on Page 9

As space prevents The Bulletin from reproducing all the pictures of lovely mothers pouring in from far and wide, so does space and time prevent publication of the many bouquets to mothers accompanying a few of the written bouquets being tossed in Mom's direction by family and friends.

It is a wonderful thing to have such a contest, because it will really show most mothers that someone still thinks of them by entering pictures, such as these:

Jump Dean of 1015 9th street, series of his lovely mother, Mrs. William Dean of 1001 8th street, who raised a family of seven.

"Some day I shall sit down and write the story of her life as we, her children, have seen it."

### DEATHS RECORDED TODAY

Berham, Mrs. Florence Corry. Doon, Charlie Mah. Forbes, Duncan. Hanley, James. Harper, Joseph B. Horn, Mr. Richard Walter. Jones, Mr. Rees William. Kerrison, Edward E. Macintosh, Mr. Nick. Paton, Mr. John. Schwan, Mrs. Melinda Ann. Somogyi, Steve.

## New Police Cases Reported; Provincial Total Skyrockets to 137

Reds Free 3 Kidnap Cameraman Berlin's Cold War Is Continuing With Fresh Activity

By WALTER RUNDLE

BERLIN, Aug. 23. (BUP)—Russian authorities today released three Americans they had arrested in the cold war, but almost simultaneously 10 Soviet soldiers kidnaped a German photographer in a sudden raid into the American sector of the capital.

The Americans released were:

1. Thomas Headen, 45, U.S. military government official, a former Kansas City and New York newspaperman and once public relations adviser to Gov. Thomas E. Dewey of New York, who was arrested by the Russian sector of Berlin near the Potsdam Palace, the area in which a number of Russian soldiers kidnapped a German policeman occurred last week.

2. Lt. Sherman Turner, 49, of Council Bluffs, Mo., who was seized off the Russian Aug. 5 when he wandered over the zonal border in northern Berlin during a farm inspection tour.

### RELEASE POLICEMAN

3. Roland M. Meyers, of Brooklyn, N.Y., who was seized with Turner. Meyers is a civilian work for the military government. He and Turner were released.

American authorities at the border between the Russian and American sectors, according to U.S. army spokesman at Frankfurt.

The Russian sector released two of seven German policemen they had been holding after kidnapping them last week from the American and British sectors of Berlin. One was August Hopper, German district police chief of Kreuzberg, the American sector.

Soviet authorities still held five German policemen from the western sectors, as well as the unidentified German photographer who was seized today when Russian soldiers knocked down two German policemen in the American

## Lomakin May Not Quit U.S.

JACOB LOMAKIN ... May not leave.

NEW YORK, Aug. 23. (AP)—Jacob Lomakin, Soviet communist, expelled by the United States state department over the Russian refugee teacher case, has booked passage for Europe, but his right-hand man hinted Saturday that he may not leave.

Passage for the discredited Lomakin and his family has been booked on the liner Stockholm, sailing next Saturday for Göteborg, Sweden.

But Vice-Consul Zolt I. Chepurukh—replying to a newspaper question—said:

"Oh, I think he's going to stay." Reporters had asked him who might replace Lomakin in New York. Chepurukh would not elaborate on the question.

Continued on Page 2

Word came directly from Lomakin about the sailing.

Meanwhile, Mrs. Oksana Kasenkina, the 30-year-old refugee teacher, pawn in the diplomatic dispute, was removed from the critical list at hospital.

She had been described as in "critical" condition ever since her three-day stay from the Russian consulate nine days ago.

## 'Red Dean' Is Refused Entry

LONDON, Aug. 23. (CP)—The Dean of Canterbury, Dr. Hewitt Johnson, today was told by the United States consulate here that he will not be allowed a visa to enter the United States.

Reuters news agency said the visa was refused as the authorities disapprove of the inviting organization.

The "Red Dean" had been invited to make a speaking tour in the United States by the American Society for Friendship with Russia.

Johnson, who has frequently been denied entry to the United States, is sympathetic with Russian Communism.

While the Communist party in Canada has declined to support Henry Pollitt, general secretary of the British Communist party, recently he was refused an American visa.

The Church of England does not permit political activity by its members and writings. It was frequently has expressed sympathy with the Russian experiment in his speeches and writings. It was his sympathy which earned him his nickname, "The Red Dean."

Dr. Johnson was to have flown to the United States Nov. 1. Commenting on the decision, he said: "It seems that no steps must be taken in the United States to help American-Soviet understanding."

### HEARING STARTS OCTOBER 5

OTTAWA, Aug. 23. (CP)—The provincial governments and a number of interested groups have notified that the supreme court will hear the case of the Atomic Energy Control Board on Oct. 5, the justice department said today.

### STATISTICS FOR VANCOUVER SHOT

Statistics for Vancouver show 21 deaths in the week ending 18 June. Of these, 10 were of persons untraced. Looked 1948.

### Dies In Fall

CLEVELAND, O., Aug. 23. (AP)—Five-year-old John R. Eszes fell 25 feet to his death from a roller coaster at nearby Brady Lake Saturday night. Police said the boy had been playing on the coaster for about an hour.

### RATIO 0.37 PER 1,000

City health authorities stated that the city situation is "not as bad as other years." At present there are 0.37 cases per 1,000 population. In the high year of 1947, when 86 cases were reported from 23,000 population, ratio was 3.7 cases per 1,000 population.

No further restrictions better the present situation, the young people are disappointed in Edmonton. Dr. G. M. Little, medical health officer, told The Bulletin.

Dr. Little stated that the present cold weather in Edmonton and the way of life of the city.

### DISEASE MAY WANE

He said that it has been the experience of medical men that years of cold weather is accompanied by a waning in the number of polio cases.

It may be coincidence, he said, or the result of a relationship between cold and cold weather. Nonsuch claims has been proven yet, however.

In the meantime, has on gathering of young people under 16 years will continue in Edmonton. No one under 16 may enter theatre, swimming pool, B.C. and is expected to see "14 New Cases"

## NEAR ONE'S HOME Two Killed In Stunting Light Plane

SHELBURNE, Ont., Aug. 23. (CP)—Two Shelburne district men were killed early last night when their light plane crashed and burned in a field a few yards from one of the men's homes.

The killed were Grant Kinley, 20, and William H. Townsend, 32.

Kinley's mother, father, two sisters and a sister were watching a Tiger Moth performing maneuvers over their home when it crashed and burned in a nearby field. They didn't know Kinley was in the plane until they dragged his body from the wreck.

Townsend, a former RCAF pilot, apparently took Kinley on the flight to surprise Kinley's family. They flew over the farm several times.

Mr. and Mrs. Herb Kinley, parents of the dead youth, said the boy's father:

"We got the bodies as soon as we could. Then I saw it was my boy. None of us had any idea he had gone flying."

## Crash Kills Eight

KINROSS, MORAYSHIRE, Scotland, Aug. 23. (AP)—An RAF Avro Tutor trainer, on landing at this RAF station today and eight persons were killed when the plane burst into flames immediately after the crash. All bodies were recovered.

## Stranded Canal Party Brought to Safety

Northern rescuers arrived safely today and bring the party to safety.

Stranded travellers were located by an RCAF search plane last week after one of their number, in the forest of extensive flood of rivers and walked to within nine miles of Cape Killarney.

Lapsing from exhaustion, and found by a rescue party.

## LARGEST HEAVY-WATER PLANT

## Chalk River's Atomic Project Equal of Any

Mr. Lillenthal's prepared address delivered at the opening of the atomic energy exhibit at New York's golden jubilee celebration recalled that the three nations are working on projects of the same kind.

This committee provides broad direction and coordination of projects of the three countries. Mr. Lillenthal said the work of the committee is being continued and expanded.

The work of the committee, however, does not include control or direction in the manufacture of atomic weapons.

Dr. MacKenzie said the Chalk River project is believed equal to anything produced by any other nation.

(Toronto) Minister Lester said last year that the world's largest heavy-water atomic plant is located at Chalk River.

Dr. MacKenzie said Canadian scientists have done vital work in the field of extensive chemistry applicable to atomic energy. This work is of great importance to the world.

made in other countries.

# It Happened TODAY

... Instead of the army, marriage was right along with it. At ready "agents" are offering prices, while in other circles long court battles are expected to arise over claim disputes caused by lack of knowledge of proper standing procedure by many amateur prospectors.

**World**  
Major General Louis B. Hershey, U.S. director of selective service, was asked to comment on the fact that in Brooklyn, N.Y., hundreds of young men are rushing into marriage to avoid being drafted into the peacetime army. Said he: "It is a peculiar way to avoid service."

**Trade & Industry**  
Sir Arthur Harris, wartime commander of the RAF's bomber command, and now managing director of the South African Marine Corporation, announced a monthly flag service, using three ships, will begin sailings from Montreal to Cape Town next month. In winter, the ships will sail from Halifax or St. John.

Aged coal miners in the U.S. will start receiving pensions next month from the welfare fund of the United Mine Workers (U.M.W.). To qualify, the retired miner must be 62 years or older, have worked in the coal industry for 20 years, be a member of the U.M.W., and, if he is already retired, must have done so after May 28, 1946. The pension is \$100 per month.

The North Atlantic has claimed six small Nova Scotia and Newfoundland vessels in the past eight days of the war, despite denial of losses. There was no loss of life as the sinkings all occurred in fire war.

**History**  
A British clergyman, Rev. Percival Gough, rector of the Acton, West London, church, raised the question whether the first atomic bombs were dropped on Japan because the Japs had threatened to retaliate against any invasion by massacre of British and American war prisoners. He called on any person who knows the answer to speak out.

**Entertainment**  
Alfredo Salsmagi cancelled the 1948-49 season of the Brooklyn opera because he said the chorus members supplied by the American Guild of Musical Artists (AGMA) are too old and too fat. He alleged that the union would not even let him pick his own chorus from their members but sent over a bunch of has-beens, one of whom, a soprano, could not even climb the steps of the stage.

**The Nation**  
At Patricia Bay, B.C., two TAC pilots, Vic Willis and Don McLean, narrowly escaped death in a sudden fire which broke out in a hangar, causing damage estimated at \$50,000. They were asleep in a side room.

**People**  
John Miller, internationally-known sheep breeder and importer of cattle and sheep and widely known as a judge of Canadian and American livestock shows, died at his home in Brougham, Ont. He was 82 years old.

## Public Ownership Approved by CCF Socialist Platform Okayed At National Party Convention

By John Leblanc  
WINNIPEG, Aug. 23.—(CP)—The shape of things to come with the accession to power of a Socialist government in Canada is clear on the record today—sketched by the CCF party in national convention.

In large part, the program involved the nationalization of the means of production and distribution of goods and services. The CCF, whose three-day national convention ended here Saturday, pledged itself to the nationalization of industry. The party's first-term program would bring under public ownership "key" industries including chartered banks and railways.

**ASK SPECIAL SESSION**  
It also would bring into effect "social ownership" of industries vital to agriculture, such as the farm implements, manufacturing and fertilizer business. "Social ownership" might mean either state or co-operative control.

The CCF demanded that parliament be called into special session immediately to reimpose living-cost controls on basic necessities, and to provide subsidies and other benefits to the farming community.

**REGULATION OF TRADE**  
The CCF also called for renewal of wartime excess profits tax to finance the subsidies—and for the government to prohibit speculation in foodstuffs, which would include the Winnipeg Grain Exchange.

M. J. Caldwell was returned unopposed Saturday as party president and national leader. The CCF constitution provides that the leader must be confirmed in office every two years.

**REGULATION OF TRADE**  
The CCF also called for renewal of wartime excess profits tax to finance the subsidies—and for the government to prohibit speculation in foodstuffs, which would include the Winnipeg Grain Exchange.

## Soviets Release Three Americans

(Continued From Page 1)  
sector and hustled the cameraman over the sector boundary.

**NO AMERICANS HELD**  
But no Americans remained in Russian hands, and German authorities in the western sectors had released Frank Edmond, German police official from the Russian sector, who was arrested yesterday in the British sector.

The British also announced that a jet plane and its Royal Air Force pilot, who made a forced landing in the Russian zone last Monday, had been returned to Lubeck, 20 miles northwest of Hamburg in the British zone.

Kidnaping of the German photographer, who was not identified immediately, came when 10 Russian soldiers suddenly ran across Stresemann street, near the Potsdamer Square, into American territory.

Two German policemen, who were told the Russians they were in American soil, were not allowed to go into the area to prevent further Soviet forays.

**ARREST ADMITTED**  
Headen was seized by the Russians yesterday when he stepped across the sector boundary into Russian territory.

The Russians insist for hours that they knew nothing about Headen's arrest but finally admitted shortly after noon that he was being held by Soviet forces.

Then they announced he would be released. American military police liaison officers went into the Russian zone and brought him back to U.S. military police headquarters, where he was questioned by American authorities.

The U.S. military police officer said that they knew nothing about Headen's arrest but finally admitted shortly after noon that he was being held by Soviet forces.

## 13 Arrested as Youths Stage Free-for-All Anti-Tito Reds Being Purged

BARRE, Ont., Aug. 23.—(CP)—Three gangs of Toronto youths staged a free-for-all at the nearby Wagon Beach resort on Georgian Bay Saturday night and after provincial police broke it up, 13 were arrested.

Constable P. J. Poland said that the boys involved in the "gang warfare" were mostly from the 18 and 20 age groups. The youths were in trouble here at various times during the summer, and two other groups called the Junction and Timp gangs. About 150 youths were involved.

Const. Poland said the boys driven to the beach in trucks, started to fight about 11 p.m. Saturday night and the brawl spread over most of the beach.

The offenders appeared during the night before Justice of the Peace A. C. Jessup at Wagon Beach, and were held for a week. They are now in the county jail here.

The Healey gang got its name from a Toronto cafe where its members gather. Const. Poland, taking part in an affray, mentioned having been illegally causing a disturbance and malicious damage.

Two constables on duty at Wagon Beach were unable to cope with the outbreak and before the riot was over, 15 provincial constables were at the scene.

**INN GUESTS BEATEN**  
J. R. Murray and Jack Kurnher, guests at a Wagon Inn, were beaten when attacked by gang members on a veranda of the hotel. A young woman with them fainted but was not molested.

Victor Keise was beaten by about 40 boys when he confronted them in front of a restaurant after they left the hotel. They burned his neck with a cigar.

The main melee was finished by about 1 a.m., but it was two hours after before the last of the arrests were made.

Of Edmonton's seven cases reported over the week-end, three were from the South Side. Girl of two, girl of nine and boy of 11 years. Others were: boy of 14 and girl of 11, and a girl of 14 and woman of 23 residing in central Edmonton and boy of seven from the Highlands.

Other seven cases, all from northern Alberta, include: boy of 14 from Hondo, girl of five from Fort Assiniboine, girl of five from Wray, boy of four from Canyon Creek, girl of five from Red Deer, girl of five from Hondo, and boy of seven from Lacombe.

**14 New Cases Of Photo Reported**  
(Continued From Page 1)  
mining pools, dance halls, playgrounds, etc. Some car traffic is permitted, provided youngsters are in route between homes and are not going anywhere they should not, say city health officials.

Altho the photo situation is the gloomiest of the nine provinces in the Dominion.

Prince Edward Island has one case. Quebec health authorities call their situation "very favorable." Maritime health authorities are "satisfied" with the situation. British Columbia's photo total is half of last year's and Manitoba's is one-tenth of last year's, with no cases reported for the third consecutive day.

# Youngsters Wreak Havoc In Weekend Vandalism

## Young Carriers Show Enthusiasm

If reporters were this enthusiastic, city editors would have no worries.

Saturday afternoon, three youngsters rushed breathlessly up to the Bulletin newsroom "with some hot news."

All Bulletin carrier boys, they reported in a breath.

A woman had been hit by a car at 100 street and Jasper avenue. The kids didn't know the name of the woman, to what hospital she had been taken, the name of the attending doctor, or how badly she had been hurt—but (puff, puff) I saw her get hit," said 12-year old Norman Papp, leader of the trio. Norman had run for a doctor, although he wasn't sure of his name.

Pals Lawrence Kaban, nine, and Colin McPhee, eight, said sure enough he had, but they didn't know his name either.

"You gonna write a story?" they asked a reporter.

"Sure," was the reply.

But when no story appeared in Monday's first edition, the boys were back up in the newsroom wondering what had happened to their tale. "Will it be in the 'Home edition'?" they asked.

"You may all be ace reporters some day," Ed. Note—Then come see me.

A week-end spree of vandalism against the city which they had scattered sulphur and their red Sunday with two new supplies of paper, pencils, erasers and books which the boys had scattered indiscriminately throughout the length of the hall.

Prior to entering the school, Saturday, the boys entered a South Side department store and made off with about \$25 in cash.

Later, they entered a house at 9233 77 avenue, stealing two golf clubs and balls.

They also admitted breaking into a home in the Highlands and another in the 90's street and 50 avenue, but were unable to give police the exact address.

The boys are being dealt with by juvenile authorities, while stolen material has been turned over to police.

## Parsons Named To Attend Meet

Alderman Sidney Parsons has been delegated to attend the convention of the Bricklayers, Masons, and Terrazzo Workers International Union (AFL), to be held in San Francisco, September 15.

He will be representing Edmonton Local No. 1.

TWO SENIOR AND A JUNIOR Kinsmen enjoy sunny, breezy weather which marked the opening of the national Kinsmen Club convention here today. Seniors are Roy Clark (left) of Saskatoon, incoming president of K-40, and Del Cleveland (right), also from all over the Dominion. Big get-together will run through Monday, Tuesday, and Wednesday, with a full schedule.

## THREE MONTHS IN PRISON FOR OBSTRUCTION

Fred Romanow, no fixed address, will serve three months imprisonment with hard labor as a result of his attempt to avoid arrest Saturday.

He was convicted of obstructing a police officer. Pleading guilty to a charge of intoxication he was fined \$20 and costs or 30 days hard labor.

Romanow was apprehended outside a local cafe Saturday night, but broke away from the officer who attempted to take him into custody, and raced down a back lane.

The constable followed, and when Romanow looked behind to see if he was out-distancing him he stumbled and fell.

## Teacher Shortage Looms In Alberta

Alberta schools will be short 474 teachers this year, according to a report issued today by Dr. W. H. Swift, deputy minister of education.

He said 38 school divisions in the province had indicated their needs.

A year ago, 20 school divisions had reported a need for 100 teachers, which would indicate there "was some improvement in the situation," Dr. Swift said.

"It is impossible to know how many teachers are still engaged, and the number who, though not desirous of teaching this year, may do so as need of their services becomes urgent," he pointed out.

He said at this time last year 210 correspondence school supervisors had been retained, as compared with 164 this year.

## Gun Not Chocolate, 'Brother Elias' Jailed

"Brother Elias" is in police custody today, his attempt to see Premier Manning foiled by a police officer whose gun, contrary to the 'Brother's' expectations, did not turn into chocolate.

Self-styled "Brother Elias" was apprehended by police when he refused to leave the vicinity of the Premier's home Sunday.

He had important business there, he told police. He had come to see Premier Manning to sign, send directly from "the Lord."

He had credentials from the Lord, too. They indicated that should the police in attempting to interfere, point a gun at him, the weapon would immediately become chocolate.

Brother Elias proved to be a big spender. A taxi cab driver who took him to the Premier's home complained to the police, saying that he had been charged in the amount of \$5000 as payment.

The cab driver had attempted to cash the cheque for \$5000 but was unable to do so.

Taken into custody by a couple of city police officers whose guns remained in the original condition, Brother Elias was jailed for safekeeping.

He is scheduled to have a medical examination following his arrest.

He is scheduled to have a medical examination following his arrest.

He is scheduled to have a medical examination following his arrest.

## Kinsmen Open National Convention in Edmonton

### New York Editor Visiting Alberta

Horace Sutton, travel editor for Saturday Review of Literature, New York magazine, is an Edmonton visitor today.

He is making a coast-to-coast tour of the Dominion, gathering material for a series of articles.

Successful termination of negotiations was reported by Jack Hampson, Edmonton representative of the United Packinghouse Workers (UCLW). Previous contract was terminated August 1.

Hampson said "on the basis of Swift's increase, I expect that Gainer's packinghouse will conclude negotiations this week, and other Edmonton packing plants will soon conform to the general wage pattern."

Wage increase brings the minimum to 90 cents-per-hour, and some minimum to 100 cents-per-hour.

Calgary's Robin Hood Flour Co. whose employees are also members of the UPWA, has raised its minimum wage by three cents-per-hour.

He added that the UPWA plans to open negotiations with the North West Flour and Feed Co. this week.

He added that the UPWA plans to open negotiations with the North West Flour and Feed Co. this week.

He added that the UPWA plans to open negotiations with the North West Flour and Feed Co. this week.

Visiting Kinsmen are H. S. Greenway and Dr. Hugh Arnold, of Lethbridge. They are two of more than 300 delegates expected to attend national convention here from all over the Dominion. Big get-together will run through Monday, Tuesday, and Wednesday, with a full schedule.

## RESTRICTIONS LIFTED ON WATERING

Edmonton gardeners may now water their "parched" lawns and vegetable patches freely.

The ban went into effect early in June, when general watering over the city reduced pressure in city mains to such an extent that there was not sufficient to meet a fire emergency.

Conditions which necessitated the restrictions on watering have now been improved due to lack of large pipe and shortage of labor, city officials said, and it appeared probable that it would be necessary to re-impose the restrictions in 1949.

Mr. Bruce started work with Alberta telephones in 1906, with the Bell Telephone company, but went to the government when the phone system of the province came under government control in 1908.

He will be succeeded by W. B. Ferguson, now assistant general manager of the province's telephone system, who will assume his new duties on September 1.

Mr. Bruce started work with Alberta telephones in 1906, with the Bell Telephone company, but went to the government when the phone system of the province came under government control in 1908.

# Second Civic Concert Given Enthusiastic Reception Here

By DICK SHERBANK

The week with the "Bourgeois" phony, we've got our own "pop orchestra".

That was just one of the hundreds of enthusiastic comments passed by the 1,500 Edmontonians who attended Sunday night's civic concert in the new pavilion at the Exhibition Grounds.

They heard one of the most enjoyable civic musical efforts ever presented in Edmonton.

Director Lee Hepler, his 50-voice chorus, 45-piece orchestra, and soloists Noreen Britton, Bill Smith, and the Grenadier Male Quartet, offered a 90-minute light musical program that brought loud rounds of applause from the audience.

The public address system, which detracted so much from the first Sunday night concert in Clarke Stadium two weeks ago, wasn't used last night, except for the soloists and master of ceremonies.

**FAVORABLE RESULT**

Result was that the orchestra and chorus gave a performance which

compared favorably with anything you can find on records cut by U.S. symphonies.

Naturally there were ragged spots in the program—which was put together in two weeks—but the orchestra, chorus, and soloists were welded together to provide a maximum in enjoyment.

Director Hepler and John Parra, superintendent of the city Recreation Commission, which sponsored the concert in co-operation with the city, were on hand to give a hearty pat on the back for their performing musical effort.

In fact, everyone who took part in the event deserves a civic back pat, from Louis R. B. MacKay, who overhauled the program, to the soloists and the orchestra, chorus, and soloists.

**BIGGER AND BETTER**

Mr. Parra told The Bulletin Sunday night that next summer he

hopes to see a regular series of Sunday night civic concerts every two weeks, "beginning in June."

It is safe to predict right now that next summer those 800 seats, which were filled in two weeks, will be filled, and there'll be a standing room only sign on the front door.

In fact, Mr. Parra is preparing for the next season, and is getting set to book the arena for part of next summer's concert series.

## Veteran Dealer Dies At Home

Edmonton lost a respected pioneer resident when James Hanley, 80, died at his home in the city last Saturday night after a short illness.

Coming to Edmonton from Ontario in 1918, Mr. Hanley became associated with the Mohr Implement Co. here, where he stayed 10 years.

From 1928 until his retirement in 1947, he was a partner in the Hanley Implement Co.

He was married to Mrs. M. E. Hanley, who was his wife, four daughters and one son.

Daughters are: Mrs. J. Whelan, wife of Northern Union Manager; Mrs. Margaret Hanley, Edmonton; Mrs. M. E. Hanley, Calgary; Mrs. M. E. Hanley, Lethbridge; Mrs. M. E. Hanley, Regina.

Mr. Hanley died Tuesday at 10:00 a.m. in St. Joseph's Cathedral, and interment will be at the family plot at the Edmonton Catholic cemetery.

## Former Wheat Board Member Feared Drowned

WINNIPEG, Aug. 22.—(CP)—Former Canadian wheat board commissioner and grain company executive, F. M. Arnold, is believed to have drowned yesterday in Red River, near the northwestern corner of the 40-year-old Winnipeg lock.

His 40-year-old son, who was discovered early Sunday, but no trace of Arnold has been located.

Born in Kingston, Ont., he was a member of the Saskatchewan Wheat Pool, and was prior to moving to Winnipeg about 15 years ago.

## Convention Date

CALGARY, Aug. 22.—(CP)—The fourth annual convention of the Alberta Hotel Implement Dealers Association will be held here Oct. 23 and 24.

## New Drug Offers Hope For Polio Sufferers

Scientists have announced two new polio remedies during the recent weeks of poliomyelitis epidemics throughout the North American continent.

One of the remedies is a new sulfa drug, which is an immunization scheme obtained through diet control.

The other sulfa drug, called phenoxymethyl penicillin, which is used by medical men and chemists, is the first drug to attack virus diseases.

**VERY MINUTE**

Viruses are germs, but not ordinary germs.

They are so small that even microscopes couldn't magnify them sufficiently to be seen by the human eye until recent years, when the famous electron microscope was invented.

Ordinary germs, or bacteria, are small enough—about twenty-five thousandths of an inch long, but viruses are 100 times smaller.

Small virus is 32 hundred-millionths of an inch in size. Big virus is about one one-hundredth of an inch long.

Viruses cause about 40 diseases. From cold sores and shingles to measles and polio.

**KILLS TWO**

And the new drug phenoxymethyl penicillin has been found to kill two kinds of polio viruses.

As reported in the September issue of Science Illustrated magazine, the latest sulfa drug has been worked with in the Lederle Laboratories in Pearl River, N.Y.

First experiments with the drug were tried successfully on mice, and on guinea pigs, and on a dog.

By "injection" a trapper or Indian buys his winter provisions on credit for the furs he will turn into the store in the spring.

Only buildings in the little roadside community are a B.C. police detachment post, a Hudson's Bay trading store, a modern hotel, and a garage.

By "injection" a trapper or Indian buys his winter provisions on credit for the furs he will turn into the store in the spring.

Although the trapping year has not started for his season, there were fox furs on the racks, and the grey hide of a big timberwolf on one counter.

**PRICES ODD**

In this northern country goods take a tarantula in price. For instance a thick fur, fox peli only costs ten dollars, while a skinned marten pays sixty-seven cents for a gallon of gasoline at service station.

At mile 65, inside the Yukon border, are the icy waters of Watson Lake.

Curved out of forest on the shore of the lake, seven miles from the highway, is one of the key airbases on the Northwest Staging System. With its runways, taxiways, and hangars to the waters of the lake, the Watson airfield is a vital winter experimental station for cold weather testing of aircraft.

A car driven by a resident of 1145 82nd street was struck by a vehicle operated by an allegedly drunken driver Saturday.

Two persons were injured when the car in which they were riding collided with another driven by an

## Hot Springs and 'Jawbone' Remedies of Old Northland

By BRUCE POWE  
Bulletin Staff Reporter

WATSON LAKE, Yukon, Aug. 22.—The lure of the north and its colorful, roaring past can still be seen and sensed along the machine-built grades of the Alaska highway.

A few miles beyond the stately structure of the Liard River bridge, nearly 500 miles north of Dawson Creek, are the steaming pools that springs which inspired many legends of the northland.

When this country was still inhabited by a scattering of Indian trappers and outdoorsmen, legends were told of the outside world of lush, tropical valleys in the midst of the sub-arctic land.

Today it is known the stories were inspired by the hot springs, which are surrounded by semi-tropical ferns in the pine forests.

Indian families now camp by the deep pools of water, and cultivate small gardens in cleared land near the springs.

Heat from the pools keeps a small area of land clear of snow during the long winter months.

**NATURAL BATH**

One of the truck "drivers, who built freight between Whitehorse and Dawson Creek the year round, said he stops off at the springs in sub-zero weather during the winter and enjoys a natural Turkish bath on the highway.

On the longest loop of the journey northwards, from Mucho Lake to Watson Lake, the vehicles of the "North Two" pass through some of the finest scenery in the north.

From the sides of mountains, and crests of valleys, members of the exercise looked down on views that six years ago were only for the eyes of lonely trekkers in the wilderness.

A few miles beyond mile six hundred is the colorful little trading post of Lower Post.

**LOST NOTHING**

When the highway was built in 1942-43 the little settlement moved from the Liard River. But it has lost none of its color as a pioneer settlement in the north.

Only buildings in the little roadside community are a B.C. police detachment post, a Hudson's Bay trading store, a modern hotel, and a garage.

By "injection" a trapper or Indian buys his winter provisions on credit for the furs he will turn into the store in the spring.

## Curse of Number 13 Seems to Have Moved

If the first three digits of your house number are 114, better not venture out on the street this week.

During the week-end, three persons, all of whom live in 114 82nd street, were involved in separate traffic accidents.

A car driven by a resident of 11413 82nd street was struck by a vehicle operated by an allegedly drunken driver Saturday.

Two persons were injured when the car in which they were riding collided with another driven by an

Edmontonian who lives at 11424 94th street, Saturday evening.

The bad luck for 114 block residents was compounded when a motorist from 11413 80th street was in collision with a car at 101st and 14th avenues Saturday.

Connor Road residents should be warning too. Two persons injured in traffic accidents during the week-end and on that street, one

at 26 and the other at 1.

Gerald K. L. Smith  
Runk For President

ST. LOUIS, Aug. 22.—(AP)—Gerald K. L. Smith, founder of the Christian Nationalist Crusade, Saturday was named as the group's presidential nominee.

Known, described as a St. Henry, Okla., merchant, was nominated vice-president. The party's platform called for opposition to Communism and political Zionism and demanded full segregation of Negroes.

Edmontonian who lives at 11424 94th street, Saturday evening.

# Locke Equas Record As Pours Praise on Henry Martell

By BERT GREER

Right here in Edmonton there's a post-hoc threat to the foreign domination of the Canadian open championship.

At least that's the opinion of Bobby Locke, happy-go-lucky South African who has absolutely no regard for par figures. Henry Martell is the lad he expects to go places.

Locke, who equaled Martell's course record of 65 at the Highlands in his first trip over the terrain Saturday and came back with a 68 yesterday for an "average" performance in the series, took such a keen interest in Henry's game he afterwards gave the Highlands a lesson on playing an iron into the wind.

Martell also turned in a polished performance in the matches, scoring 69-68 while Stan Leonard, Vancouver star, had 71-70. Dave Dixon of Red Deer played well Saturday till he reached the 17th hole. There he topped a couple of shots into the fern. Vern Moos, city amateur champion who played as Locke's partner Sunday, said Martell's score of 80. He had a lot of tree trouble on the back nine.

Approximately 2,500 saw the two-day exhibition.

Locke and Dixon scored to 5 and 4 in the first round, and Martell Saturday scored a 68-69 in the second round. The 17-hole playoff ended in a tie, with Martell winning the 18th hole.

The congenial South African made a

lot more friends again this trip and demonstrated he could take the heat with the good Saturday when he played 69-68 on the 13th and 17th holes.

His hooked tee on the 13th bounded into the woods, costing him two strokes, but he "birdied" the hole with his second ball, for a five on the 17th, another birdie hole for players like him. He closed with a 69-68 and the ball came to rest directly behind a huge tree trunk, for a five on the 17th. He had a good chance to birdie the 18th, but his putt was off.

It was probably the first time the Highlands course had been so well played by a foreigner. With a couple of breaks on that back nine Locke could easily have been 65.

He amazed the gallery on the first nine with his magic putter. He was out 10-30 with birdies on the 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, and 21st.

On the back nine he birdied the 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, and 21st.

Leonard and Martell made the turn in 32 and 33. Martell had a 30 and 31, while Leonard had two birdies and one eagle on the back nine, and ended with a 68-69.

Leonard and Martell made the turn in 32 and 33. Martell had a 30 and 31, while Leonard had two birdies and one eagle on the back nine, and ended with a 68-69.

Henry Martell didn't get any particularly good breaks. In fact he had a tough time on a short putt on the 11th which looked in the cup and hepped out. He had a 15th when his ball rimmed the hole and stopped on the front edge. A 68 would have looked good and he certainly was robbed of such a score.

It was a fine two-day exhibition and there's another one over 12 Edmonton courses. It's more than Martell's record:

Locke	43	43	43-86
Leonard	43	43	43-86
Martell	43	43	43-86
Par	53	53	53-106

## Legionnaires' Cop Provincial Title

Blond Bill Wood and Edmonton Legionnaires returned to the Alberta senior men's football throne after a three-game battle with Calgary.

### BASEBALL'S BIG SIX

## Calgary Captures Fastball Crown

Calgary Brewery invaded foreign territory at Bremner Sunday and came away with the men's intermediate provincial fastball title. The brewers won the first game 8-5, captured the second 3-2. Bremner won the first game the best-of-three series a week in Calgary.

Two three-run innings were responsible for the Calgary edge in first game. They got three in first on an error and three

### Y&A and Jewellers Score Playoff Wins

Y&A and Jewellers struck for playoff victories in the men's intermediate C football final Sunday. Y&A stopped McColl 14-4 and the Jewellers trounced APF 25-4.

With Wood picking the locks vanquished Calgary 4-1 Saturday and 62-18 in the second game Sunday. The 17-hole playoff ended in a tie, with Martell winning the 18th hole.

### BASEBALL'S BIG SIX

NEW YORK, Aug. 23. — (P) — We've been devoted to a place recently to Cleveland Indians and their winning streak and how their pitchers have been leading the opposition scoreless. Well, the American League leaders were defeated by Chicago 3-2 Saturday as we'll switch over to the next game and its tight race.

The leading Boston Braves moved into the lead, winning the game ahead of the second-place Dodgers Sunday as the

Giants swept Philadelphia 3-0.

Philadelphia's game which was a linnings because Pittsburgh pitchers' battle runs in the game. The game was won by the Pirates over the Pirates 4-3.

In the other game, the Braves won the game 3-2 over the Dodgers Sunday as the

### Y&A and Jewellers Score Playoff Wins

Y&A and Jewellers struck for playoff victories in the men's intermediate C football final Sunday. Y&A stopped McColl 14-4 and the Jewellers trounced APF 25-4.

## Pari-Mutuels Busy At Racing Wind-up

Eager Turf Fans Set New Provincial Betting Marks

By Stan Mohr (Bulletin Sports Editor)

All betting marks went out the window as the annual 13-day August race meeting concluded at the Exhibition track Saturday.

First off the closing day crowd pushed a total of \$100,000 through the machines, topping the \$20,000 the day before. The total of \$200,000 was set during the first two days in 1946. As the gross handle for the meet was \$1,200,000, also a new mark.

These new figures represent new levels for Edmonton but as well as down as provincial marks.

A crowd in excess of 3,000 turned up for the "Getaway Lay" depending on the weather, the crowd on the sweet or bitter end, expressing the hope of a horse or two to win. In fact, the crowd was finally closed a few minutes after 2:00 o'clock because of the heat.

Who didn't have it? Wagering was still very active. A crowd of 3,000 turned up for the "Getaway Lay" depending on the weather, the crowd on the sweet or bitter end, expressing the hope of a horse or two to win. ## Wild Berry Crop Best in 8 Years

ROCKY MOUNTAIN HOUSE, August 23.—Wild berry crop is the best in eight years and you can meet a picker with a pail on his arm on any road or trail for miles. Twelve varieties of wild berries grow here in abundance: strawberries, raspberries, black and red currants, gooseberries, blueberries, saskatoons, chokecherries, high and low bush cranberries, high and low bush blueberries.

There was a fair crop in 1943 and almost nothing since and for a while this year, people were sure that the late spring and frosts had killed the blossoms. But you never can tell what makes a good berry season. There is no sign that says there will, or will not be fruit, but when picking time comes they are either there or they aren't. That's all there is to it, and not even the Indians can forecast the crop. For the first time since the start of the war, outsiders are coming to pick fruit, some with trailers, others with tents while some who have been here before plan to use the empty cabins that are scattered all through the bush.

Some bring small gasoline stoves and eat the berries right here. Others pack fruit and drive home to preserve.

**GOOD RETURNS**  
For those who pick to sell, prices are much better. Blueberries bring 40 to 50 cents a pound, and a good picker, in a thick patch can pick from 20 to 30 pounds a day. Shipments of blueberries are going out on every train and truck. For a good market in the cities and towns to the south and east. Farmers don't care for the berry season. They like the fruit and many farmers' wives depend on it.

## GAS IS STRUCK IN ROLLA WELL

DAWSON CREEK, B.C., Aug. 23.—Gas was struck at 1,480 feet last week at the Rolla well near here. The well was immediately cemented in and after a period of 12 hours was re-opened and drilling commenced.

It was the second attempt to find gas at this site and plans are being laid to pipe the supply to Dawson Creek houses and businesses at soon as it is feasible.

Most entirely on the wild crop for their winter supply, but how they hammer over their land, leave the gates open and pick their private patches. Various hand anyone who, but farmers would like to keep the patches on their own land for themselves. Raw blueberries packed dry in only one order and sealed with wax, will keep all winter in the cellar, and low bush cranberries, not through the food chopper will keep just packed in a crock.

## Drilling Starts At Killam Well

KILLAM, Aug. 23.—Drilling on the Killam oil well got under way last week. It is on the farm of Charlie Bennett, south of town.

L. Staines, in charge of the job, said that approximately 160 feet had been drilled the first day. Casing was set at a depth of 225 feet.

## McLennan Girl Feted by Friends

McLENNAN, Aug. 23.—Miss Phyllis Turnings, eldest daughter of Mr. and Mrs. E. Turnings was feted recently at a lovely miscellaneous shower, held at the home of Mrs. H. Chasney. Mrs. A. Dupuis and H. Brownman were co-hostesses. Mrs. V. Lingens rendered several delightful piano solos and various games were enjoyed by the "big guests present." Miss Turnings was presented with many lovely and useful gifts.

## Ferintosh Family Has Close Call

FERINTOSH, Aug. 23.—Lightning struck the old pioneer homestead house of Otto Rutz just after his return, with his family from church service. The house was built by Rutz's father, the late Herman Rutz, in 1913. A flashlight was knocked from Rutz's hand by the air pressure. A couple of rafters of the roof were reduced to matchwood and scorched. Plaster was pulverized. Flame never started although smoke issued.

"Would you mind repeating that part again where your husband stopped speaking to you? I'd like to try it on my wife."

## Beaverlodge Station Holds 'Cereal' Day

BEAVERLODGE, Aug. 23.—Annual Cereal Field Day was held at the Dominion Experimental Station here recently. Over 300 farmers and other interested individuals attended the meetings. Representatives of both the Dominion and provincial agricultural organizations were present.

Howard P. Wright, president of Canadian Seed Growers' Association, gave a very interesting account of the CSGA, explaining how it was formed and the methods of carrying out the many problems which its members are confronted.

C. A. Weir of the plants products division, Calgary, spoke briefly on the work which is being done in the work which is to aid seed growers in their district to produce a perfect product. He stated that in the production of broom seed, alfalfa, red clover, and alfalfa seed, Alberta ranked very high among the provinces of the Dominion.

## X-RAY CLINIC HANDLES 1,424

DUNSMuir, Aug. 23.—The Mobile X-Ray Clinic operated by the Health Department recently and a total of 1,424 persons took advantage of this public health service.

## Farewell Party At Vermilion

VERMILION, Aug. 23.—Fifty friends gave Mr. and Mrs. J. Ridgway and Mr. and Mrs. G. Hay a farewell party in the Masonic Temple Thursday evening. For some six years Mr. Ridgway has been telegrapher at the CNR station. He is leaving shortly to act as stationmaster at Maitland, N.S. Mr. Hay has been the high school staff for a similar period. He is leaving to fill the position of government supervisor of schools at Hanna.

## 25 Are Confirmed At Vermilion

VERMILION, Aug. 23.—His Grace Archbishop Macdonald held confirmation service at Holy Name church at 10 a.m. Thursday morning. Twenty-five boys and girls were confirmed. The attendance of relatives and friends of the candidates filled the church. The boys and girls gave attention to the instructions of his Grace.

## Taxi Fleet Goes Through Dawson

DAWSON CREEK, B.C., Aug. 23.—Ten new custom-built 1948 Packards arrived in Dawson Creek on Monday en route to Anchorage, Alaska, where they will augment the fleet of Yellow Cabs operating district.

Women's Shoes, Street Floor

## Hudson's Bay Company

INCORPORATED 27th MAY 1870

**"ON TO HOLLYWOOD!"** movement of giant proportions is gaining momentum with each passing hour. The Edmonton Bulletin-Capitol Theatre Loveliest Mother contest is the reason. Mrs. W. R. Small, suite 139 Exhibition Grounds, hospital building, is among the lovely mothers "gunning" for that free Hollywood vacation. She has four equally lovely children.

**THIS LOVELY MOTHER** is Mrs. J. Hartley, 12133 122 street. That smile of satisfaction on the little Hartley's face proves conclusively that mother is truly lovely. There are three Hartley children.

**IT TAKES A CONTEST** like this to show the world how many lovely mothers there really are. Mrs. Tillie Hrynkow, 11312 84 street, has two children. Papa Hrynkow is "campaigning" hard for the loveliest mother he knows. This time next week winners of mother contest will be in sun-kissed California. Contest closes at midnight Tuesday, Aug. 24.

## Don't Forget to Remember Mama—Send Her Picture to The Bulletin

**FOUR SMALL CHILDREN** to care for hasn't taken away the "girlish" look in this mother's face. She is Mrs. Grace Piuskian of 8902 81 avenue. Her family, two boys and two girls, range in age from three years to two and one-half months.

**THIS MOTHER MUST HAVE BEEN BUSY** indeed when her fine family of 10 was growing up. She is Mrs. Art McKay of 9631 84 avenue. The job of "mothering" doesn't seem to have made Mrs. McKay less lovely although five sons and five daughters must have

brought many anxious moments to the McKay household in years gone by. Imagine the din if all cried for bottles at the same time. Winner of contest will be outfitted by Hudson's Bay Company.

**THREE DAUGHTERS** are the special joy of this lovely mother, Mrs. Kaye Ward, 11218 57 street. In the family are Karen Lee, six; Linda Carol, five; and baby Eileen Louise, 20 months. Don't forget to send in your mother's picture.

**MOTHER OF FOUR**, three boys and a girl, is Mrs. Athalie Brown, 12704 121 street. That smile could only mean Mom has a happy family.

**DAUGHTER EDNA** entered Mrs. Nellie Ranch in the loveliest mother contest. Mother of seven, Mrs. Ranch lives on the St. Albert Trail in the west end.

**ALTHOUGH** she has five children of her own this lovely mother, Mrs. M. J. Payne, finds time to operate the Blakemore Nursing Home. She lives at 9628 108 st.

**MOTHER OF A 17-YEAR-OLD** boy is Mrs. Nellie Glover, 10228 100 avenue, who operates a tea room in Edmonton. She has resided here for several years.

### J. Huckell Heads Weekly Papers

CALGARY, Aug. 23.—(CP)—Elections and awards Saturday marked the ending of the annual meeting of the Alberta division of the Canadian Weekly Newspapers Association.

Named to succeed William Draper of Watakwini as president was John Huckell of Innisfail. Bernard Fletcher of Edmonton was named first vice-president for the second

consecutive year. The Red Deer Advocate, edited by Phil Galbraith, was judged the best provincial all-around weekly newspaper. The Camrose Canadian, edited by Ray King and Ken Partridge, came second. The Hanna Herald took first prize for the best front page and the Lacombe Globe the prize for the best editorial page. The Slavey Advertiser was judged the best weekly in the 70-and under circulation class.

A request that the provincial government hire a weekly newspaperman as an instructor for vocational school printing courses was approved. It was also decided to ask the government to establish a one-month course to be given each year for mechanical employees of weekly newspapers.

### Swift, Union Sign Agreement

TORONTO, Aug. 23.—(CP)—A new wage agreement has been signed between employees of the Swift Canadian Company and the firm, allowing for a 58 per cent general increase.

This was announced yesterday by officials of the United Packing House Workers (U.P.H.W.). Some 3,500 workers are affected in six company plants at Moncton, N.B., Toronto, St. Boniface, Man., Moose Jaw, Sask., Edmonton, and New Westminster, B.C.

### New Drug Makes Good Showing In Treating Hay Fever

CHICAGO, Aug. 23.—(AP)—A new drug has been more than 90 per cent effective in treating 141 cases of hay fever and other allergic conditions, an Illinois physician reported.

The best showing was obtained against hay fever, with "good results" reported in 86 of the hay fever patients treated. The drug is theophorin, one of the antihistamine group. Dr. John Peters of Suburban Oak Park reported on its use in an article in the Illinois Medical Journal.

## SHOPPING GUIDE

## Frost Threatens Abundant Gardens

By Ben Thrilly

Jack Frost with his bag of winter gloom is hovering just around the corner of these chilly nights.

Our tomatoes may not get much chance to ripen. But actually we haven't had too much to complain of this summer.

In spite of a tardy spring, vegetables and fruit have prospered and so have home gardeners.

Tomatoes are plentiful and are selling at pleasantly low prices. Here is a recipe for a tasty uncooked tomato relish I thought you might like to have.

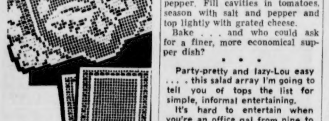

Chop 1 peck ripe tomatoes and let them drain overnight. Put six large onions, and eight peppers through a food chopper. Place in bag overnight with ½ cup salt. Then drain in the morning.

Add one bunch celery, chopped and ½ cup celery seed. Boil in cups honey, 3½ cups cider vinegar and let cool.

When cooled pour over the tomato mixture.

Place in wide-mouthed bottles and seal.

It's a goodie!

## Household Arts

By Alice Brooks

You'll be delighted with this Fillet crocheted in butterfly-and-flower design to dress up your chair. Make several of these sets. Our improved pattern—visual with easy-to-use charts and photos, and complete directions—makes needlework easy.

Send Twenty-Five Cents in coins for this pattern (stamps cannot be accepted). To The Edmonton Bulletin, Household Arts Dept., 60 Front Street W., Toronto, 1, Ont. Please allow a week or ten days for delivery.

## DOROTHY DIX SAYS—

## Woman Should Work If Husband Stingy

DEAR DOROTHY DIX—Before I married I was a successful business woman, earning a good salary.

I was happy because I had something interesting to do and because I could help my family, who are very poor.

Three years ago I got married and my husband absolutely refused to let me work outside of my home. I am well and strong and we have no children, and I am miserable because time hangs so heavily on my hands.

I would love to be able to go back to work in order to be able to help my family who are actually hungry. When I sit down to my table to eat, my food chokes me because I know my relatives are starving.

My husband makes a good living, but he will not give me a dollar to help my family. Don't you think this is mean of him?

BROKEN-HEARTED WIFE. ANSWER—It is very mean and cruel of your husband not to give you the money to help your people who need it so badly. But if he will not do it he certainly should not object to your going to work and earning it for yourself.

BROADWAY HIT which won the acclaim of audiences and critics alike as a romantic comedy, comes to the screen in Edmonton today when "The Voice of the Turtle," starring Ronald Reagan, Eleanor Parker and Eve Arden opens at the Capitol.

Actress Evelyn Keyes' work demands a good figure. But so does your appearance and health make the same demand on you.

## WHY GROW OLD

## Self-Consciousness Due to Overweight

By Josephine Lowman

Today I hope to stir your determination to lose the overweight which affects your happiness much more than you perhaps admit to yourself. Nothing makes a woman feel middle-aged more quickly than a thick waist, a stomach like a ball, or hips like a shelf. You may hide that fact from yourself, but overweight at any age, makes you feel awkward and self-conscious and it makes you act that way!

When the self-confidence and the feeling of attractiveness are lost, personality is dampened. Besides, you do not feel as well as you could because your body is burdened by too many pounds. There is the lovely sleek figure of yesterday? Where? It is lost in layers of fat and lax muscles.

Today I am printing a letter from one of the winners of my Eight Weeks self-improvement Marathon which ran last January. Here it is:

"Dear Mrs. Lowman: I am writing to tell you how much weight and how many inches I lost. Another girl and I started together. I am married and work in an office. This friend and I work at the same place.

"We exercised every day at work and, therefore, could only

use the exercises which are taken standing up, but we counted calories. I've lost 25 pounds. My waist was 28 inches but is now 23½ inches. My hips were 41 inches but are now 36 inches.

I weighed 142 pounds before and am 5 feet, 2 inches tall. My thighs came from 24 inches to 21½ inches. I feel that I still need to lose some from my thighs. I would like more information about this.

"I feel so much better and my clothes fit now. I want to thank you.

These are fine results. The thigh measurement is not really large but I have sent this reader some exercises for that spot so she can concentrate on them.

The thighs are usually the most stubborn spot.

## Inside Hollywood

By Bob Thomas

HOLLYWOOD. — (AP) Jimmy Stewart has been nipped by the flying bug enough of airplanes during his five-year hitch with the U.S. Air Force.

Last year Jimmy met racing pilot Joe Debona. "I just missed winning the Hendrix race by 30 seconds," Debona moaned.

Jimmy was intrigued. "Maybe I can find you a faster plane," he said.

WORK BEGAN. He picked a P-51 Mustang out of a mass of others rusting in a surplus dump in the Arizona desert.

Jimmy bought a 12-cylinder, 100-horsepower engine and work began to get the plane in shape for flight.

I found the lanky Stewart putting around the hangar. His eyes were bright as he talked about his plane. In fact, it was the first time I had ever seen him enthusiastic about anything.

I've been down here at least three times a week every week since February," he said. "It gets in your blood."

If his plane wins the Sept. 4 race from here to Cleveland, Jimmy said he'll split the \$100,000 prize among the pilot and ground crew. Then, he added, he's going to take some rides in the plane himself.

Likewise, outside rivets were eliminated and the entire surface sanded, coated and painted with a duck lacquer. "We figure to clock up 15 miles an hour that way," Jimmy explained. He hopes the plane will do 500 miles an hour and upward.

Like rivets, rivets were eliminated and the entire surface sanded, coated and painted with a duck lacquer. "We figure to clock up 15 miles an hour that way," Jimmy explained. He hopes the plane will do 500 miles an hour and upward.

## YOUR BABY AND MINE

## Some Babies Dislike Strangers in Home

By Myrtle Meyer Eldred

It is always flattering to have readers tell me nice things about the column and it is not lack of sincere appreciation which makes me omit these compliments from their praise.

This is to let them know that their warm words of appreciation are being read and that they are always being thought of.

Mrs. J.W. whose letter inspired this, wants help with the problem of timidity.

"Since her tenth week," she writes, "she has been afraid of strangers. If an unfamiliar person would hold her, she would cry terribly. As she grew, the presence of a stranger would cause her to whimper and if they came near her she would scream."

"At six months she stopped crying at the sight of a stranger, now at 13 months she smiles positively for most people but only when they are at a respectable distance."

Our reader No. 68 "The Timid Child," may be helped by sending a stamped and addressed envelope with our request to Myrtle Meyer Eldred in care of The Bulletin.

Look in the section in which you burble away about what you think, it is according to the stars.
